Placed on the Calendar.

By Mr. Mewboorne, S. B. 2, a bill to be entitled an act to repeal chapter 137, Private Laws of 1893.

Placed on the Calendar.

On motion of Mr. Mewboorne, S. B. 2 was taken from the Calendar and placed upon its several readings.

The bill passed second and third readings, and was ordered to be engrossed and sent to the House of Representatives.

On motion of Mr. Cook, the following paper was read, being a notice of contest and endorsements thereon in the matter of contests from the Ninth Senatorial District in the

case of H. L. Grant and A. H. Paddison against B. F. Aycock and Lafayette Smith:

To Hon. B. F. Aycock and Lafayette Smith.

You will take notice that we will contest your right to a seat in the next General Assembly of North Carolina, to meet in the city of Raleigh on Wednesday after the first Monday in January, 1895, as members of the Senate from the Ninth Senatorial District, upon the following grounds:

Upon the face of the returns from the counties of Wayne, Duplin and Pender, composing said district, the votes cast for you at the election held on the 6th day of November, 1894, exceeded the votes cast for us by ninety-eight (98) votes; that in making up the returns from the county of Wayne, the votes cast at Dudley precinct, in said county, were excluded and not counted, upon the ground that one Giles Kornegay, who was a poll holder at said election, was a candidate voted for in said precinct for the office of County Treasurer, and that at said precinct the votes cast for us for the office of Senator exceeded the votes cast for you by fifty-eight (58) votes; also, that in making up the returns from the county of Wayne, the vote of New Hope Township, in said county, was excluded and not counted, upon the ground that the tally-sheet upon which the enumeration of votes was kept had been lost, and that in said township the votes cast for us exceeded the votes cast for you by sixty (60) votes, so that if the votes cast for us and for you at said Dudley precinct and in New Hope Township had been included in said returns, there would have been a majority for us upon the face of the returns of twenty votes, and for other reasons.

(Signed) H. L. GRANT,
A. H. PADDISON.

Endorsed: Service accepted.
B. F. AYCOCK,
LAFAYETTE SMITH.

B. F. Aycock and Lafayette Smith, the contestees within named, admit the facts stated in the notice of contest herein.

AYCOCK & DANIELS,
Attorneys for Contestees.

November 24th, 1894.

On motion of Mr. Cook, the Senate declared that B. F. Aycock and Lafayette Smith were not elected, and were not entitled to seats in the Senate; and that H. L. Grant and A. H. Paddison were duly elected Senators from the Ninth District and entitled to seats.

The Senators-elect appeared at the bar of the Senate, took and subscribed the oath of office.

MESSAGE FROM THE HOUSE OF REPRESENTATIVES.

For Speaker—Honorable Zeb Vance Walser of Davidson county;

Mr. Adams, from the Committee appointed to visit the University, submitted their report as follows:

Report of the Joint Sub-Committee on Education as to the condition and needs of the State University, the State Normal and Industrial School for Girls, and the State College of Agriculture and Mechanic Arts for the colored race.

The following Joint Sub-Committee on Education was appointed to visit and inspect the State University, the State Normal and Industrial School for Girls, and the State College of Agriculture and Mechanic Arts for the colored race:

Senate: Parsons, Chairman; Paddison, Sharp, Wall and White of Alamance.

House: White, Chairman; Fleming, Robinson, Smith of Gates and Turner of Mitchell.

Representative Turner was prevented by sickness from accompanying the Committee. The other members visited

these institutions, and made personal inspection of the same.

THE UNIVERSITY.

At the University they visited and inspected the buildings, recitation rooms, laboratories, society halls, student rooms, library, gymnasium and other equipments of the institution. They also visited some of the classes while reciting, and witnessed the exercises of the institution as far as a brief visit would permit.

The Committee are unanimously of the opinion that the University is well, faithfully and economically managed, is doing a noble service to the State, and is worthy of proper support. The various members of the Faculty appeared before the Committee, and were examined in regard to their own departments especially and the university generally. It was found from conferences with these gentlemen, and from personal inspection of the scientific laboratories and the library, that the University now needs an outlay of at least $10,000 in order to properly equip its laboratories and other departments, and provide its library with suitable shelves and a gallery. It was also found from the Bursar's books that the regular income of the University is needed for its regular current expenses, and that the Institution needs for its current expenses every dollar of the regular appropriation of $20,000; even this allows no margin for equipping its departments and making improvements. The Committee recommend unanimously that the regular annual appropriation of $20,000 be allowed to continue, in order that the Institution may not be forced to close its doors, or lop off important departments.

They would also recommend the continuance of the special appropriation of $10,000 made by the last Legislature in order to properly equip the various departments,

laboratories and library, but they do not think the state of the public funds will permit. They recommend, therefore, that the special appropriation of $10,000 made by the last Legislatnre, be allowed to expire, leaving the total appropriation 33⅓ per centum less than that made by the last Legislature.

In view of the fact that the University has so many scholarships endowed by private philanthrophy, and the popular prejudice has been aroused in some quarters against the Institution because of free tuition given by the State, the Committee recommend the repeal of section 3, chapter 233, laws of 1887, granting free tuition to minister's sons, candidates for the ministry, young men afflicted with bodily infirmity and students preparing to teach, provided that students already entered the University under this law be allowed to finish their education; and provided also, that no young man of good moral character shall be denied admission to the University because of his inability to pay cash or give a secured note. We think that the repeal of this law should remove every ground of opposition to the University.

The Committee mingled freely with the students of the University and were much impressed by their gentlemanly and courteous conduct. They were especially pleased to see unmistakable evidence that the University is controlled by a spirit of economy and self-reliance, which puts a poor boy of talent and energy on an equal footing with the rich. The Institution is evidently bringing higher education within reach of plain people of limited means, whose sons may thus be fitted for the most honorable stations in life. The Committee saw several students who came to the University with only a few dollars, but who now support themselves entirely by their own labors, while at the same time pursuing their studies. Such a sight is full of inspiration

for other young men, and of hopefulness for the future of North Carolina.

The Committee were also pleased to see, and it gives them much pleasure to testify, that the University is entirely free from Partisan management. The youth of the State should enter life with minds unprejudiced by partisanship, open to the reception of truth, and filled with patriotic love of their State. As long as the University remains nonpartisan, and is conducted in its present zealous, faithful, efficient and economical manner, it will deserve and will receive the support of all political parties in North Carolina, and will be entitled to the gratitude and patronage of the people of the State.

Mr. Black, from the Committee on Engrossed Bills, reports that the following bills and resolutions are correctly engrossed, and they are ordered to be sent to the House of Representative for the concurrence of that body:

The following protest was presented by Mr. Paddison:

S. B. 775, for the relief of ex-Sheriff Kenan of Duplin County, passed the Senate on the 28th day of February, was referred to the Committee on Corporations of the House, which Committee reported the bill favorably, the House considered the bill at the evening session before the representative from Duplin County had reached his seat, and was passed, but was reconsidered and referred to the Committee on Propositions and Grievances, which Committee drew a new bill consolidating this with two other bills of a similar nature, and agreed to report this bill to the House as a substitute for all the other bills; this was done, the bill passed the House, was amended in the Senate by striking out section two, and went back to the House for concurrence.

After the House concurred in the Senate amendment, the original S. B. 775 was reported to the House by the chairman of the Committee on Propositions and Grievances with a favorable report, and said bill was passed. In view of all the facts in this case, and the unparliamentary manner of its passage through the House, I feel it to be my duty, representing the people of Duplin County, to enter my protest against the signing of the bill by the President of the Senate and the Speaker of the House.
